

To Whom It May Concern:

Please leave the Wisconsin No Call List law EXACTLY as it is! Not having to deal with anywhere from 3-10 calls per night, as late as 9:45 pm, has greatly improved my quality of living. I am an educated and intelligent person who knows how to contact companies for services if I should choose to use them. I was severely bothered by multiple telemarketers each night; even one can be too many after a stressful day at work. I can actually answer my phone without having a sick feeling in the pit of my stomach wondering who I am going to have to fight off or hang up on this time. I am appalled that it is even being considered to allow them to invade the privacy of my home - again. If they want my attention, they can mail me, or advertise on the TV or radio. So, I implore you to not make any changes to our Wisconsin No Call List. It is one first public policy that I have been completely satisfied with!

Sincerely,

Crystal Callison
